01 What was detected

- With the Presidential and National Assembly elections due on **Saturday, 16 January 2027**, the voter count in INEC's **2027 Preliminary Voter Register** for **193 polling units** across all 6 of the FCT's area councils differs sharply from the 2023 register for the same units.
- **142 polling units are missing from INEC's display portal.** When searched on Saturday, 28 November 2026, each returned *"No polling unit found for (code). Check the code, or choose your location above."* These units held **95,685 registered voters in 2023**. Voters in them cannot check their names. They are left out of every count below and set out in section 03, with the full list in the annex.
- **Far beyond normal growth.** The FCT's whole register grew by 16.8% from 2019 to 2023, and the 2027 preliminary register is 10.3% above 2023 for the FCT as a whole. 187 of the 189 units that went up rose by more than twice the FCT's 2027 rate; not one of them rose by less than the FCT rate.
- **189 units went up**: together they had **58,974** registered voters in 2023 and now show **119,127**, an addition of **60,153 voters (+102%)**. 73 of them more than tripled.
- **4 units went down**, by 4,956 voters in all. Net change across the flagged units: **+55,197**.
- The FCT is a single senatorial district. Of its two federal constituencies, **AMAC/Bwari** has the larger addition (+35,023). The area councils with the most flagged units are AMAC (60), Bwari (36), Kwali (34).
- **Near-empty units filled up.** 41 units with fewer than 50 registered voters in 2023 now show 150 or more; for example Nomadic Centre Kawu/Nps Burti (Bwari) went from 2 to 215 and Anatakapyita (AMAC) went from 2 to 207.
- Largest single addition: **New Lugbe II/ Market Square** (37-06-03-010, AMAC), from 750 to 8,649 (+7,899).

Registered 2023 and 2027 preliminary register columns cover the flagged units only. The polling units missing from the portal are not included here.

03 Polling units missing from INEC's display portal: 142 units

The Reeg & Dai platform records **9999** when a polling unit from INEC's 2023 list cannot be found on INEC's 2027 display portal. In the FCT, **142 polling units** fall in this group. On **Saturday, 28 November 2026**, each code was searched again on the portal, and each returned the same message:

> *"No polling unit found for (37-06-02-003). Check the code, or choose your location above."*

- These units existed in INEC's 2023 register with **95,685 registered voters** between them. That is more than the 65,180 voters the 193 flagged units held in 2023.
- Two of them, **Garki Village II/Former Pri. Sch. (37-06-02-003)** and **Garki Village II/New Pri. Sch. (37-06-02-004)** in Garki ward, AMAC, were first entered with 2027 figures of 888 and 999. Neither code can be found on the portal, so this edition treats both as missing. Between them they had 5,605 voters in 2023.
- 94 of the missing units are in AMAC, and two wards stand out: **Gwarinpa** (49 units) and **Gui** (21 units). 38 of the missing units had a 2023 register of exactly 750.
- A voter whose polling unit cannot be found cannot check that their name is on the register, cannot file a claim or objection for that unit, and may not know where to vote. INEC has not said whether these units were renamed, merged, moved or removed, or where their voters now sit.

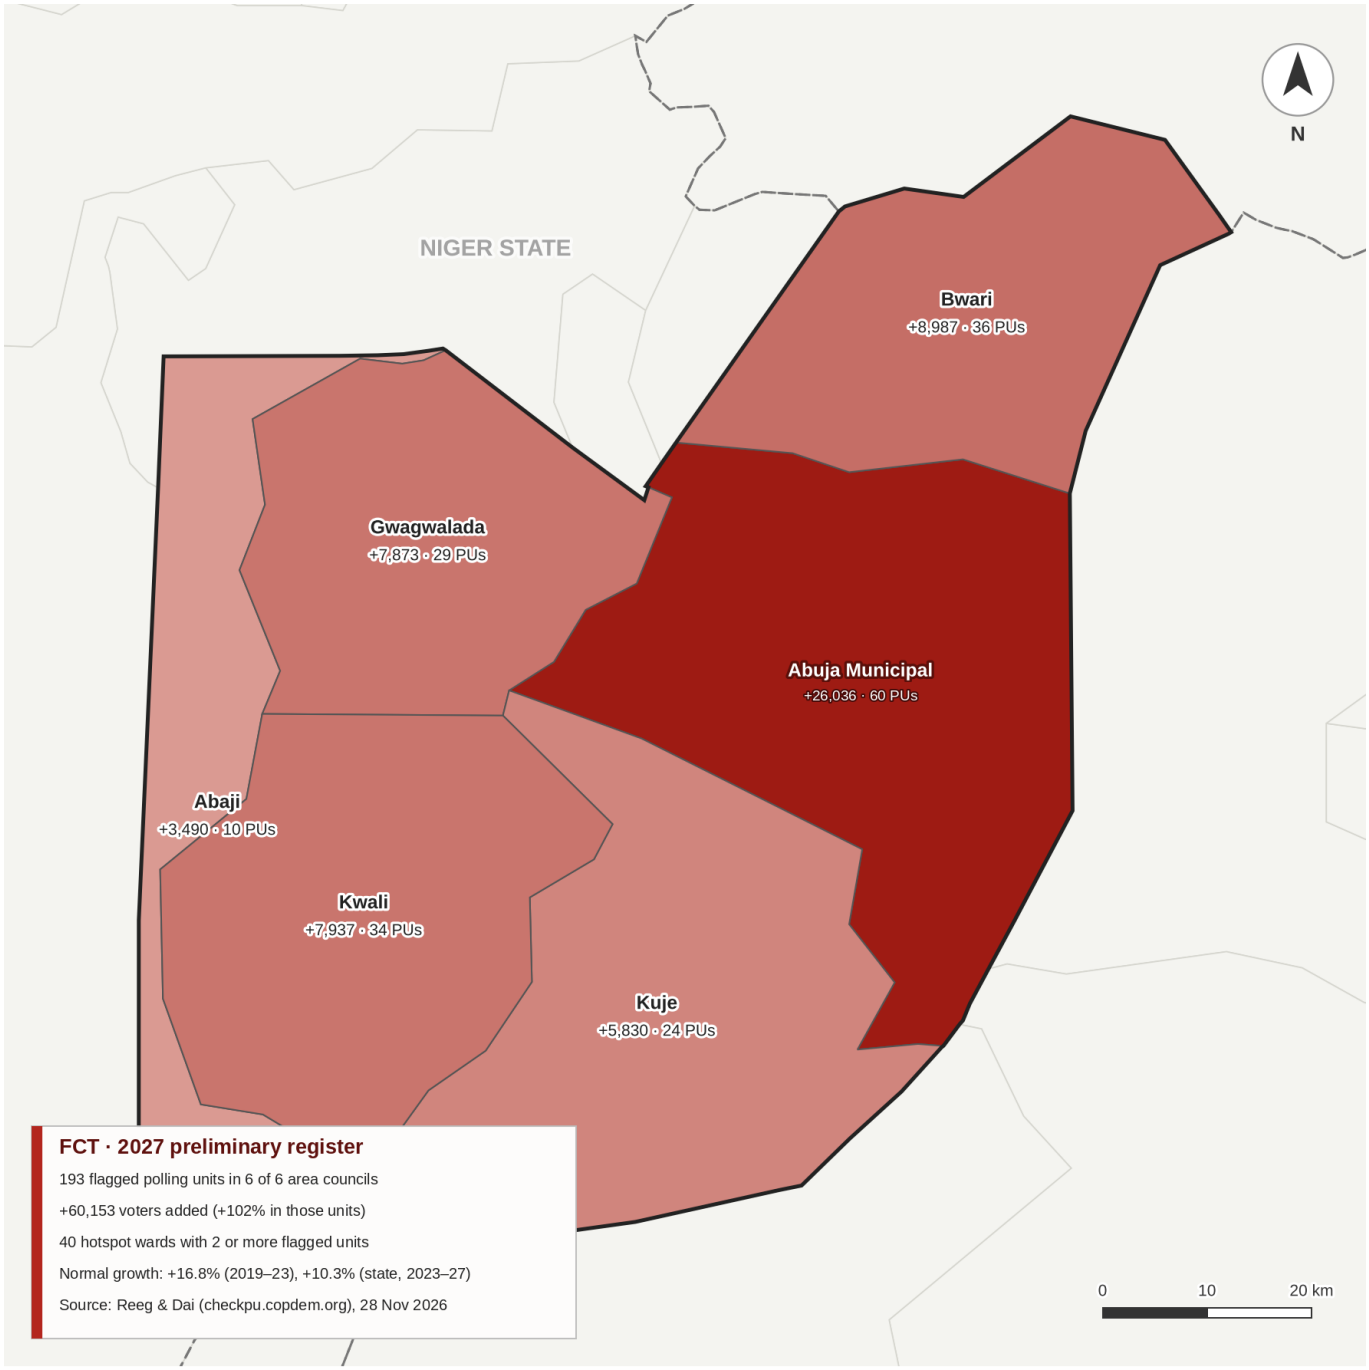
What INEC should answer. For each of these units: does it still exist; if it was renamed, merged or moved, what is its new code and location; how many voters were carried over, and to which unit; and why the display portal does not show it during the period set aside for voters to check and object. The full list of units is in the annex.

04 Where the register moved: map and area council ranking

Each FCT area council shaded by the number of voters added in its flagged polling units, with the count of flagged units.



Area councils ranked by voters added

Area council	PUs in area council	PUs flagged	Hotspot wards	Reg. 2023 (flagged)	Prelim. 2027	Added	Rise
AMAC	1,401	60	9	34,299	55,379	+26,036	+76%
Bwari	485	36	8	8,146	17,133	+8,987	+110%
Kwali	201	34	7	5,093	13,030	+7,937	+156%
Gwagwalada	338	29	7	7,954	15,827	+7,873	+99%
Kuje	262	24	6	6,982	12,812	+5,830	+84%
Abaji	135	10	3	2,706	6,196	+3,490	+129%

Hotspot wards: wards with 2 or more flagged units. Rise = voters added ÷ the 2023 register of the flagged units. For comparison, the FCT's whole register rose 10.3% from 2023 to the 2027 preliminary register.

05 Flagged polling units, ranked by change (high to low)

All flagged units in one list, from the largest addition to the largest fall. The senatorial district and federal constituency of each unit are shown so the list can be read by area. Red rows more than tripled (200% or more); rows marked ↓ went down; units whose rise is below the FCT's own 2027 growth (10.3%) are marked *within normal*.

08 What should happen next

- **Get answers on the missing units.** Write to the FCT REC asking what happened to each of the 142 polling units that cannot be found on the display portal, where their 95,685 voters from 2023 now sit, and when the portal will show them. Ask voters from Gwarinpa and Gui wards in particular to check whether they can find their names.
- **Verify the register on the ground.** Opposition ward and polling unit coordinators should check the displayed voter list for each flagged unit, starting with the 40 hotspot wards and the near-empty units that filled up. Note names unknown in the community, duplicates, under-age registrants and people who do not live there.
- **Check that genuine voters are still there.** Padding can go with quiet removals. In each flagged unit, coordinators should confirm that known opposition supporters are still on the displayed register and help anyone missing to file a claim before the display period closes.
- **File claims and objections.** During INEC's display of the register, lodge objections at the INEC office in each area council against questionable entries. Keep copies with dates and names of the officials who received them; they are evidence later.
- **Write to INEC.** Send this list, with ground findings, to the FCT REC (INEC FCT Office, Abuja) and copy INEC headquarters, asking for an audit of registrations and transfers into these units and the BVAS records behind them.
- **Put strong agents in every flagged unit on election day.** Each of the 193 units needs a trained, accredited opposition polling agent who stays from setup to upload. The agent should count voters as they are accredited on the BVAS, refuse any vote without BVAS accreditation, and record the BVAS accreditation figure on the EC8A.
- **Watch for over-voting and padded figures.** An inflated register is only useful to riggers if extra votes are written in. Agents should check that votes cast do not exceed BVAS accreditation, photograph the signed EC8A before it leaves the unit, and confirm the same sheet appears on IReV.
- **Follow the result to collation.** Ward and area council collation agents should compare each flagged unit's figures with the photographed EC8A and challenge any entry that differs, citing this report.
- **Keep the evidence for any petition.** File photographs, objection receipts and agent reports by unit. 188 of the 193 flagged units rest on a single entry on the Reeg & Dai platform, so confirm each with a second, independent entry before citing it publicly.

How this was measured. The data was collected and made available by the Reeg & Dai platform, which detects suspicious changes in INEC's 2027 Preliminary Voter Register. It compares each polling unit's count in the 2027 preliminary register with INEC's 2023 register; areas follow INEC's 2023 polling unit list. Units recorded as 9999 could not be found on INEC's display portal; their absence was checked again on 28 November 2026. These are detections for verification, not final findings: a rise can also come from lawful new registrations or transfers, and a fall from lawful clean-up of the register.

A Annex: 142 polling units not found on INEC's display portal

Each of these codes returned "No polling unit found for (code). Check the code, or choose your location above." on INEC's display portal when searched on 28 November 2026. They are not counted anywhere else in this report. Entered = what the Reeg & Dai platform first recorded.
